

# the outdoor classroom

## parts of a plant

name:

**Find a plant to draw.**

When you have finished drawing the plant label the different parts using these key words:

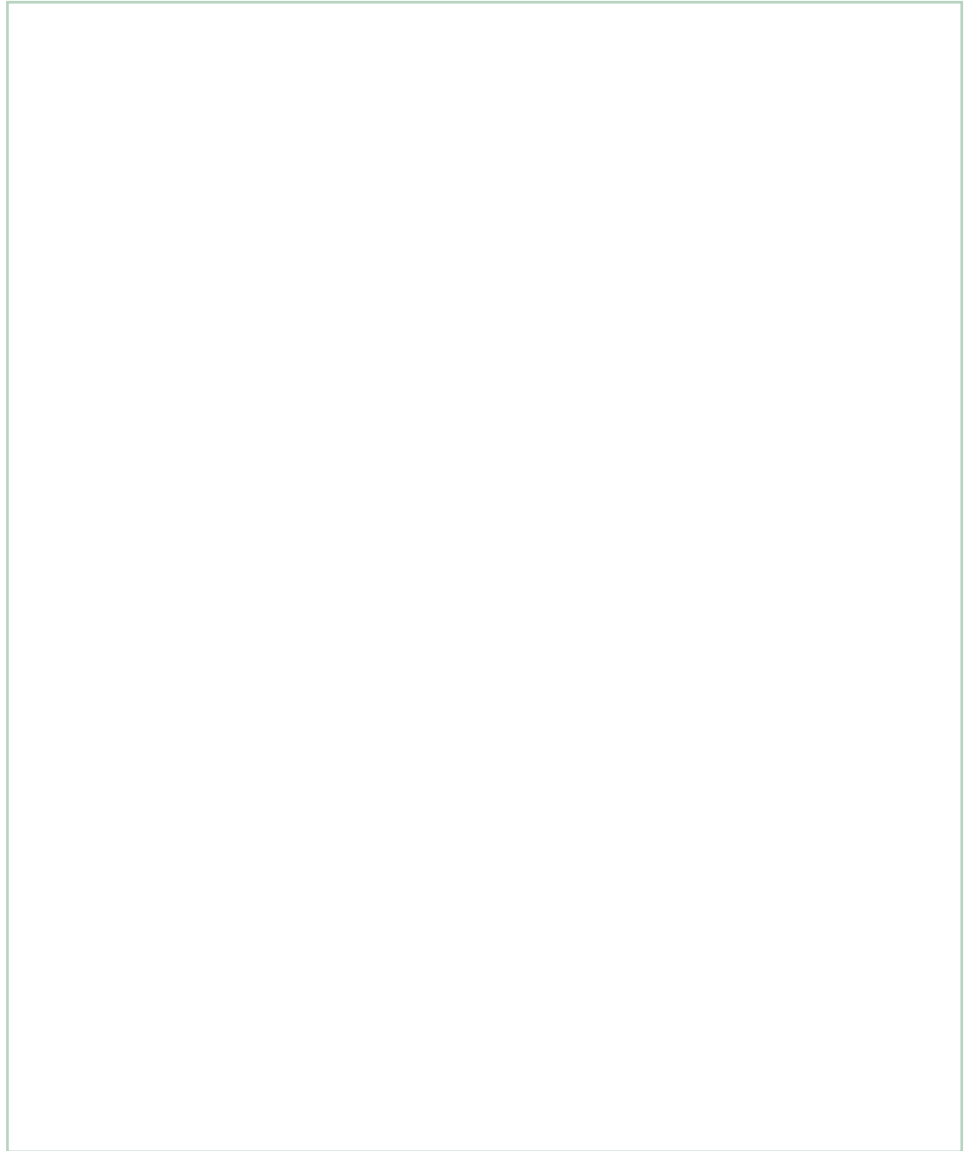

flower

stem

fruit or seeds

leaf

roots

Did you see a pollinator? e.g. a bee. If you did you could draw it in too.

**Now use the back of this sheet to draw your own imaginary plant.**  
It should have all the same parts.
